Established in
South Jakarta
2017

Moved to
The Kensington Office
Tower, North Jakarta 2022

We aimed to be one of the most notable IT hardware and software distribution companies since 2017. EBM provides a comprehensive range of advisory services based on our client's specific needs using our extensive knowledge of digital technology transformation.

For the past 5 years, we have prioritized more than 8 clients' satisfaction and provided the best service for software implementation to help our clients adapting 4.0 industry challenges.

Company Missions

We prioritize customer satisfaction by offering comprehensive solutions that take into account the challenges and priorities of customers in the 4.0 industry.

Our goal is to be the top hardware partner, gaining customer's trust by providing the leading software and hardware solutions during and after the implementation process

Our objective is to enhance shareholder value while creating an excellent work environment.

Our Commitment

EXCELLENT QUALITY

Set a benchmark of excellence by consistently delivering the best quality on every project.

TECHNOLOGY INNOVATION

Our dedication lies in consistently striving for improvement and innovation in each project. Our team collaborates using the most effective methods and extensive knowledge to ensure outstanding services.

Our Core Values

Trust

We strive to establish and nurture trust within the community, particularly among our clients, by demonstrating integrity, dedication, and transparency.

Dedication

We firmly believe that fostering loyalty, harnessing enthusiasm, and embracing unwavering diligence serve as the indispensable bedrock for establishing a resilient and ethically-driven company and organization.
